EMPLOYMENT

Self-employed excavating business for 21 years

VOLUNTEER WORK

I have volunteered my services to the Armada Fair for the past 21 years. I have been a fair board member for the last six years. I worked on maintenance, arena, security, off season rental, and off season storage. Prior to being elected to the fair board, I assisted my dad with the addition on barn 15, building the handicap ramp, and other maintenance projects. Most recently I have volunteered my services and equipment in the grandstand area to prepare for the demolition derby, Figure 8 race, horse pulls and tractor pulls.

MY CONTRIBUTION TO THE ARMADA FAIR

I would like to be reelected as a Fair Board member because I feel that I can continue to contribute to the success of the Armada Fair. In the last six years, I only missed two fair board meetings. The new grandstands, addition to bathrooms and new showers, and Power Sports weekend are some projects I have worked on while I have been on the fair board. My family and I enjoy participating at the Armada Fair.
